EXPERIENCE

Manama, Bahrain
September-2019 - December-2019

Development Intern
Bahrain Ministry of Interior

Assisted the Ministry of Interior in developing a Paperless Solution to their Quality Assurance Systems to maintain their ISO certifications. Building both the front and backend infrastructures.

- Gathered a list of requirements from the project lead and users.
- Created Entity Relationship and Data-Flow Diagrams visualize the tables and data flow for the backend database.
- Created and proposed UI/UX mockups for the web portal using Adobe XD; Showcasing the layout and flow of the web portal.
- Built both the front and backend of the web portal on Microsoft Visual Studio utilizing N-Tier/ Layered Architecture.
